For most people, nightmares always come to an end. But for Cata, Ant, and the others, there may be no escape from theirs. After an experimental treatment meant to cure their insomnia went horribly wrong, the teens were dragged into a shared dreamworld where their most terrifying fears became reality.

The six of them have no way of waking up. And theyâ€™re beginning to realize that if they die here, they might actually die in the real world. One of the dreamers is already gone, and anyone could be next. The only thing they know for certain is that they have to work together to survive. But as they learn the truth about one anotherâ€™s pasts, they soon discover they are trapped with something far worse than their nightmaresâ€™.
